A BUTCHER BLOCK TOPS

Butcher Block Tops

- John Boos butcher block tops are constructed of high quality Northern Hard Maple hardwood, kiln dried for low moisture content and electrostatically glued with moisture resistant adhesive
- Tops have been finished with mineral oil to seal the wood fibers and to bring out the rich colors of the grain
- Tops can be retreated with mineral oil as needed (see Boos Mystery Oil below)

Recommended by manufacturer to apply every 4 to 8 weeks.

Item #	Description	Size
CT25018	Hard Rock Maple Countertop	18" L x 25" D x 1-1/2" Thick
CT25024		24" L x 25" D x 1-1/2" Thick
CT25060		60" L x 25" D x 1-1/2" Thick
CT25096		96" L x 25" D x 1-1/2" Thick
CTMYS	15oz. bottle of Mystery Oil, consists of a combination of pure mineral oil, raw linseed oil and tung oil	

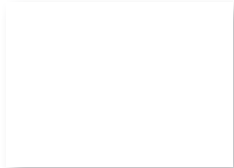

Boos countertops we stock feature a **Natural Penetrating Oil Finish**, which can be used as a cutting surface and is food-safe. The natural oil finish seals and protects the surface of the wood. Recommended to re-oil the wood surface very 3-4 weeks, using the Boos Mystery Oil (CTMYS). This maintenance keeps the butcher block from drying out and helps preserve the block and extend its life over time. Natural oil finishes can easily be sanded and re-oiled for a like-new appearance.

NJ109-9C59-48PC	Matte
NJ109-9C99-48PC	Gloss

Note: 9Core 102 Bright White will not match our 102 Bright White Laminate. 102 9Core is slightly Whiter.

FORMICA HPL LAMINATE

Formica HPL Laminate

Today's laminates come in vibrant upbeat hues, nature inspired tones and well-chosen neutrals that go with everything. Mix and match using all of Formica's various products such as 180FX, Decometal, dECO Leather, ColorCore2, Envision, Ideal Edge and their new anti-finger print laminates, Infinity.

Formica's HardStop Decorative Panel offers a high-performance, impact resistant solution through the use of a durable, Class A rated fiberglass core. ColorCore2 Compact brings together two of Formica specialty surfaces to create a structural, two-sided laminate that provides color all the way through so there is no dark edge. Versatile, practical and beautiful, ColorCore2 Compact and HardStop offer endless creative possibilities for fixtures and furniture in commercial, institutional & hospitality settings that coordinates perfectly with other Formica laminates.

Note: Formica products are not available in all Würth Baer Supply markets.

PIONITE HPL LAMINATE

Pionite Laminate

Pionite® High Pressure Laminates come in a vast array of colors, wood grains, abstracts, finishes and custom prints making this an ideal surface for almost any horizontal or vertical application.

Whether it's a residential or commercial application, architects and designers specify Pionite® HPL for countertops, vanities, cabinets, store fixtures, furniture, post-forming applications and much more.

Note: Pionite products are not available in all Würth Baer Supply markets. Please contact your sales representative for more information.

Check out Pionite FRL®. It is a patented product from Panolam® Surface Systems. The solid construction with fiberglass reinforcement gives FRL® its unique qualities. The superior performance of Panolam FRL® is designed to stand up to environments where there is a lot of activity. Typical locations for FRL® include hospitals, schools, fast food restaurants, department stores and high-density public areas in airports and mass transit facilities.

Contact a sales representative today for more information.

Note: Pionite products are not available in all Würth Baer Supply markets.

NEVAMAR HPL LAMINATE

Nevamar® HPL Laminate

Nevamar High Pressure Laminates (HPL) are more versatile than ever, with more design-forward patterns, accent colors, and finishes than ever before.

Check out Nevamar FRL®. It is a patented product from Panolam® Surface Systems. The solid construction with fiberglass reinforcement gives FRL® its unique qualities. The superior performance of Panolam FRL® is designed to stand up to environments where there is a lot of activity. Typical locations for FRL® include hospitals, schools, fast food restaurants, department stores and high-density public areas in airports and mass transit facilities. Contact a sales representative today for more information.

Note: Nevamar products are not available in all Würth Baer Supply markets.

PANOLAM HPL LAMINATE

Panolam HPL Laminate

Panolam HPL is among the most versatile surfaces, making it a great choice for a range of interior horizontal and vertical applications where an attractive, yet resilient, surface solution is required.

Panolam Basics brings you more value in the popular everyday colors you need. The basics line provides you with an affordable offering for your most competitive projects.

Inspired by nature, the Lifestyle Collection by Panoram is a specially curated collection of stones that will create a home full of artful beauty. Featuring Evolution and Natural Stone finishes which mimic the characteristics of natural stone, you can create a comfortable, relaxing atmosphere while expressing your individuality.

PANOLAM HEALTHCARE COLLECTION

Panolam Healthcare Collection

The Healthcare Collection is a line of technically innovative and design-driven high pressure laminate products from the company's Pionite, Nevamar, and Inspira lines.

This collection includes patterns that are neutral in color and smaller scaled abstract design elements that will enhance the surroundings of any healthcare environment.

The Healthcare Collection will help create a harmonious palette of surfacing options that can stand up to the fast-paced, high impact conditions and sanitary requirements of doctor's offices, hospitals, surgical suites, clinics and more.

A PANOLAM DUET WALL PANEL

B Panolam Duet Wall Panel

C Panolam’s Duet Wall Panels provide wall protection for commercial interior settings that not only require
D strong design elements, but also demand high sanitary standards – including moisture, mold and mildew resistance.

E This hard-working, easy-to-clean surface solution can help satisfy most any design vision by using digital printing, high quality inks and a scratch-resistant
F coating. As a result, these panels offer high impact strength, will never rot, corrode, rust or delaminate and come with a proprietary coating that protects
 against fading from ultraviolet sources.

G Division Bar molding perfectly matched to the pattern on the panels with enhanced scratch-resistant coating is standard.

H Available in ten standard and infinite custom designs, Duet panels easily fit with any interior style!

PANOLAM FRL

Panolam FRL

Fiber Reinforced Laminate (FRL) is engineered and manufactured to exacting standards, FRL decorative surfaces provides high-impact protection 13 times higher than vinyl and substantially lower smoke and flame spread than other competitive products. This wall panel provides ease of installation, job-site workability, long lasting style and exceptional durability year-after-year. The quality and versatility of the FRL panels make them the ideal wall surfacing solution in almost any environment. Available in 200+ colors and patterns.

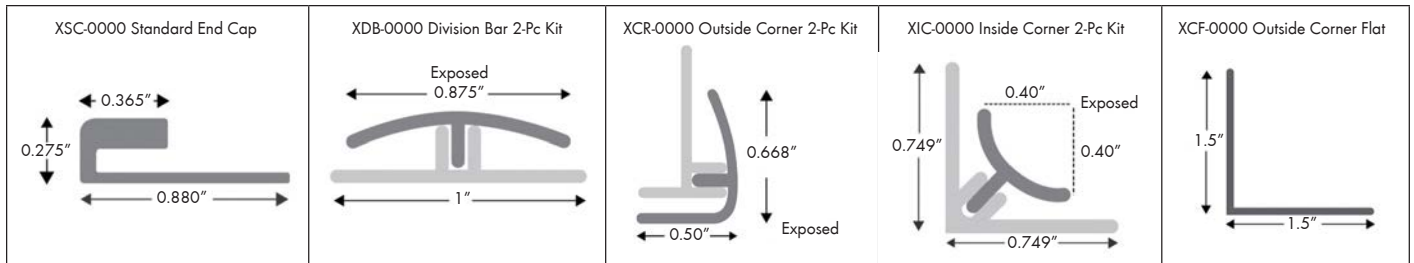

Finishes:

- *Suede: Low gloss, textured finish.
- *Ashwood: Fine wood finish with a cathedral grain. Embossed wood grain.
- *Crystal: Fine pebble grained finish with a medium gloss/subtle dimensional with high light reflectivity.
- *Line Z: Deeply embossed, linear wood grain finish.
- *Soft Leather: Finely grained leather finish.
- *Wood Essence: Natural-appearing, linear wood grain finish.

909 SURFACES SOLID SURFACE

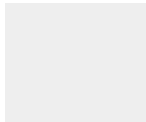

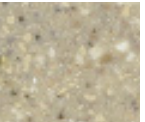

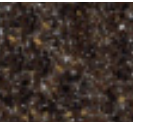

909 Surfaces showcases a collection of colors styled to coordinate with the most popular interior designs of today. Our collection captures colors that blend seamlessly with a wide range of materials, from warm and inviting wood tones, to the sleek lines of today's modern concepts. Our solid surface is used in residential applications as well as offices, hospitals, retail stores and other "high use" locations. It is chosen for these applications because of its non-porous, repairable, seamless, stain resistance and hygienic properties as an alternative to the many other surfacing materials available. Regardless of the finish, color, species of wood or modern material, consumers and designers alike will find their ideal surface in one of our collections.

Note: 909 Surfaces products are not available in all Würth Baer Supply markets. Please contact your sales representative for more information.

RICHWOOD INDUSTRIES POLYBAK, DRY ERASE & TACKABLE PANELS

Richwood PolyBak, Dry Erase and Tackable Panels

Richwood's PolyBak is a polymer impregnated Kraft liner board and is unique in the backer and overlay market due to its moisture resistance, strength, flexibility and extensive variety of products offered. Unlike competing paper backers, PolyBak is not brittle, allowing it to be rolled and bent without breaking.

With the highest quality, non-ghosting dry-erase on the market, Richwood offers regular and magnetic, as well as one and two-sided, markerboards which is consistently specified by the office furniture industry.

Richwood is the leader in innovative tackable solutions. The base tackable material - wood-fiber Softboard - allows for greater flexibility in developing tackable panels such as Ply High-Strength Tackboard Softboard panels on face and back of high-density fiberboard (HDF), 1/2" thick corkboard panel with premium cork veneer face and Softboard core) and Smartcore (FSC Mix Credit Certified, wood-fiber Softboard with a smooth finish and consistent density.)
